

Guide to Adding Players to Major Championship Rosters: **(includes Easterns, Westerns, Worlds, and Tournament of Champions)**

Managing rosters for the Senior Softball World Championships can be challenging for teams because of the restrictions on building rosters.

Our goal at SSUSA is to ensure an even playing field in all divisions. We require that teams play in a qualifier to ensure they are competing in the correct skill division.

In addition, teams must play in a Qualifier just to enter the World Championships.

We do make exceptions for rainouts or cancelled tourneys, but teams must have been entered and have made a roster for the rained-out or cancelled tournament.

Teams can use the qualifying roster of their choice for the World Championships.

Often, teams lose players for various reasons from these qualifying rosters.

Here are the rules for adding players to those rosters:

Women's and Men's 40 age group teams can add players in the same age/same skill level if roster is under 15 to get to 15.

Women's 50 age group teams can add players in the same age/same skill level if roster is under 16 to get to 16.

50-60 Year Old teams can add eligible players to get to 15 (same age/same skill level).

65-75 Year Old teams can add eligible players to get to 16 (same age/same skill level).

80 Year Old teams can add eligible players to get to 22 (same age/same skill level).

85 Year Old teams can add eligible players to get to 24 players (same age/same skill level).

Please send all emails requesting adding players to info@seniorsoftball.com.
